The power of a lender with the flexibility of a broker

At Mann Island, our aim goes further than simply providing you with finance. We work with you to forge productive, authentic relationships – allowing us to deliver support that is fully customised to your needs.

Fuelling your business ambition

We're backed by Investec Bank, giving us the unique position of being both a finance company and a finance broker – empowering us to give you the widest range of customer focused solutions. Whether you're a business or personal customer we have a finance solution to suit your specific needs.

We're always listening to you, our customers, ensuring that our culture is built to service long-term, personal partnerships. Our dedicated staff use the latest technology to help answer all of your finance needs as quickly and efficiently as possible.

Fuelling the widest range of finance solutions

As the Motor Finance division of Investec Bank, our goal is to provide a unique combination of our own finance products together with those of our strategic finance company partners – brought together in one easy process. This gives us the ability to provide you with solutions across a wider reach of the risk curve than our competitors.

Our mission is simple. We want to forge authentic, long-term relationships and go the extra mile in all we do. We believe in technology but we also know that it has its limits, which is why we have a team of customer focused staff both in our operational hubs and out in the field.

Fuelling broader capabilities to achieve better results for you

We're committed to being the one stop destination, with the widest product portfolio, for all of our Dealers, with products designed to service the broadest range of needs.

Mann Island as a Lender

We've been lending in the prime space since 2015, offering a comprehensive range of products for both Business and Retail Users.
